It is observed that, the appellant is not assenting to the reply provided for Query No.3 of the application citing that, CPIO had provided the common letter written by Head Account/IFA to CPAO rather than providing the 7th CPC pension revision advice sent to CPAO, subsequent to the rejection of the first one. Accordingly, on consultation with the custodian of records, it is understood that **the revision advice was sent for a second time which had been digitally signed by PAO, IPRC in respect of the appellant on 26/10/2017 and the copy of the same is enclosed. It is further observed that, since the reply from CPAO was not received, a common letter had been sent for all such cases and consequently CPAO had arranged copy of SSA for each case.**

Tamil Nadu - 627133

[redacted] had submitted a RTI application on 18/03/2025 which was transferred from CPIO, ISRO Headquarters under section 6(3) and received by CPIO, IPRC on seeking information under the provisions of RTI Act, 2005. CPIO, IPRC vide letter No.IPRC/CPIO/RTI/651/2025 dated 28/05/2025 had informed the applicant that the information cannot be provided as it falls under section 8(1)(a) and 8(1)(g) of the RTI, Act. Not satisfied with the reply provided by CPIO, appellant had submitted an appeal dated 07/06/2025 to review the reply of CPIO and to furnish the sought information.

DECISION

2. It is observed that the appellant had sought details related to Stock Verification Committee report / Inventory list / Investigation Committee report pertaining to the Photography division of the Unit. The application, appeal and the reply provided have been examined. It is observed that, the custodian of records at IPRC had not provided the information citing sections 8(1)(a) and 8(1)(g) of the RTI, Act. Further, the custodian of records has provided a detailed justification on the same which is reproduced below:

"In the Technical Photography & Videography section, requested items are part of Technical Facilities and infrastructure developed by IPRC. These assets are created by using technically expertise and rigorous reviews by the high-level technical committees over a longer tenure.

Those assets are forming part of Liquid & Cryogenic Propulsion Integration and Testing activities. The disclosure of these details is expected to create a potential threat to the organization by the competitive suppliers / industries. The majority of items are belonging to the international suppliers due to high technical intricacy.

As part of the purchase procedure, many of the international suppliers are used to obtain due certification from IPRC / ISRO for using at classified areas only. Sometimes, the supply of the equipment / items requires Ministry of External Affairs intervention through DOS International Cooperation Programme office due to embargo related issues.

The disclosure of those details like name, model no etc. will create a great impact on us. Hence, this type of equipment details disclosure on individual interest requirements may create issues. Non-disclosure of such details will be highly helpful to protect the public interest for the ISRO's Space Programme.

Disclosure of those items' details may lead to spoil the fiduciary relationships with supplier countries. In view of the above, these items may be classified under strategic in nature."

On perusal of the views submitted by the custodian of records, FAA is of the opinion that, invoking of section 8(1)(a) is found to be accurate and factual. Further, on the information sought related to the Committee reports on investigation carried by out in the division, it is observed that, the appellant has not provided any reasonable justification which warrants any larger public interest for the disclosure of the same.

3. As such, I'm of the opinion that the reply provided by CPIO is in order. Hence, the appeal is decided accordingly and stands disposed of.

4. A second appeal against this decision lies with the **Central Information Commission, CIC Bhawan, Baba Gangnath Marg, Munirka, New Delhi-110067**, within ninety days from the date on which this decision is received.

5. This Appeal is disposed of at **Mahendragiri** on the **16th of September, 2025**.
